Phoenix Carpet Repair & Cleaning is a premium carpet cleaning company in the valley with a great reputation for taking care of customers.

PHOENIX, AZ, USA, March 22, 2022 /EINPresswire.com/ -- An award-winning carpet cleaning service, Phoenix Carpet Repair and Cleaning, offers a proven and effective carpet cleaning method for homeowners using state-of-the-art equipment. This process is called hot water, steam extraction cleaning. This involves propelling hot water and cleaning agents into the carpet pile at a high pressure which will loosen up any dirt and soil in the fibers. On the back stroke, a high-powered vacuum will extract or remove the hot water along with the dirt and soil. This leaves the carpet with a zero-residue finish meaning that it is lush and soft to the touch. Over time family members and pets are tracking in dirt, spills and stains which can cause multiple layers of filth deep within the fabric. This is why it is suggested that carpet be professionally cleaned every 6-12 months to maintain beautifully clean carpet.
