Technologies has been recognized by the Houston Business Journal as the 3rd largest IT company in the city. Headquartered in Houston, Centre Technologies also has offices that include fail-over Network Operating Centers (NOCs) in Dallas, Austin, and throughout the Gulf Coast Region.

Centre Technologies has been recognized by the Houston Business Journal as the 3rd largest IT company in the city.

Founded in 2006 by Chris Pace, Centre Technologies has since grown exponentially, developing a reputation for delivering consistent IT guidance and technology implementation that places cybersecurity first. In addition to its notably reliable and personalized IT Managed Services, Centre provides enterprise-grade cybersecurity protection across endpoints, network and cloud services.

“

We're committed to delivering Houston businesses enterprise-grade cybersecurity solutions backed by local support.”
CEO of Centre Technologies

With increased cyber threats impacting mid-sized businesses, Centre has invested in research and development of comprehensive IT security solutions backed by a 24x7 Security Operations Center (SOC),

including Managed Detection and Response (MDR), Managed Vulnerability Scanning (MVS), and Security Information and Event Management (SIEM). Businesses that partner with Centre have access to a local Managed Service Provider (MSP), Cloud Solution Provider (CSP), and Managed Security Service Provider (MSSP) all-in-one.
