With about 54 million population, youth population represents a fair share, thus creating a dynamic, aspirational consumer base. Furthermore, according to in-house analysis, the middle income group consumers are likely to double by the end of 2020. The country has witnessed rapid development of infrastructure, including, but not limited to, regulatory, communication, and transportation.

The Myanmar skin care products market remains fairly competitive with the presence of both

international as well as domestic brands. Domestic brands are providing unique value proposition to compete with the international skin care. For instance, the Skin District 9 was launched in 2016 providing handmade natural beauty and cosmetic products. Such unique value proposition attracts consumers to try natural products. Furthermore, Myanmar consumers are heavily influenced by the discounts offered, and thus prefer premium products with discount.
