

Counter UAS Market Worth \$ 4.27 Bn, Globally, by 2027 at 26.8% CAGR - Exclusive Report by Emergen research

Counter UAS Market Trends Higher demand for laser-based Counter UAS for destroying drones & unmanned aerial vehicles

VANCOUVER, BC, CANADA, March 16, 2022 /EINPresswire.com/ -- The Global [Counter UAS Market](#) is forecasted to be worth USD 4.70 billion by 2027, according to a current analysis by Emergen Research. The key factors influencing the market growth include growing adoption of the Counter UAS by the defense agencies & intelligence bureau, growing adoption of the modern weaponry systems, increasing interest in the adoption of the DEW for the forthcoming combats, and rising interest upon the UAV, drones & missile destroyers, to name a few.

Besides, extensive rise in the cross-border conflict, broadening the number of the existing weaponry technology and updating them into the futuristic ones, and asymmetric warfare & intercountry border conflicts are some of the additional reasons behind the remarkable growth of the market. The laser-based DEW Counter UAS system is expected to create higher enforcement into the market as many countries are deliberately developing or investing in the high-power laser-directed energy system for using against drones

Furthermore, the report provides a comprehensive analysis of the factors that are likely to bolster or impede the growth of the market in the coming years. The report considers the COVID-19 pandemic that is currently unfolding as a key market influencer. The report provides a thorough estimation of the overall impact of the pandemic on the Counter UAS market and its vital segments. The report also discusses the impact of the pandemic across different regions of the market. It also offers a current and future assessment of the impact of the pandemic on the Counter UAS market.

Further key findings from the report suggest

In June 2020, Applied Technology Associates (ATA) revealed a contract for developing a target acquisition & tracking platform for the installation on a Stryker military ground vehicle being a part of U.S. Army initiative in order to increase the protection of the soldiers using laser weapon systems.

Higher applicability and increasing investment in the R&D of laser-based direct energy weapons have created a mentionable number of use cases and remarkable growth in the DEW market. The Laser sub-segment in the type of weapons systems segment had 61.2% market share in the year 2019.

The regions in the Asia Pacific led by China, India, Israel, and South & North Korea are allotting a considerable budget for their defense & law enforcement grooming purposes. Besides, growing incidences of interpersonal stand-offs, asymmetric warfare, terrorist activities, preparation for the forthcoming combats, along with higher economic development and enhancement in the manufacturing industry & science & technology, deliberately help propel market enforcement.

The report further divides the Counter UAS market into key segments such as types, applications, end-user industries, technologies, and key regions of the market. The report also sheds light on the segment and region exhibiting promising growth in the Counter UAS market.
