The Business Research Company's Gastric Cancer Drugs Global Market Report 2022: Market Size, Trends, And Forecast To 2026

LONDON, GREATER LONDON, UK,
March 17, 2022 /EINPresswire.com/ --
According to 'Gastric Cancer Drugs Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026' published by The Business

Research Company, the [gastric cancer drugs market size](#) is expected to grow from \$2.63 billion in 2021 to \$3.05 billion in 2022 at a compound annual growth rate (CAGR) of 15.9%. The growth in the market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. As per TBRC's gastric cancer drugs market outlook the market size is expected to reach \$5.18 billion in 2025 at a CAGR of 14.2%. Increasing number of obesity cases and smoking population increased number of people suffering from gastric cancer.
