Top Companies Profiled in the Report:

Bemis Associates, Toray Industries, Sealon, HiMEL Corporation, Gerlinger Industries, Essentra, Adhesive Films Inc., Ding Zing, San Chemicals, and Geo-Synthetics, among others are leading players involved in the market.

Key Contents of the Global Seam Tapes Market Report:

Market Overview

Research Methodologies

In-depth study of the latest market trends, growth drivers, emerging opportunities, and potential threats and challenges

Demand & supply gap analysis

Detailed market segmentation

Regional and country-wise market segmentation

Market projections in terms of regional and global market revenue growth rate over the forecast period

Company profiling of the key market players and details on their key business strategies and recent developments

Market share analysis of the top companies in the market

Strategic recommendations for new market entrant

A Brief Market Overview:

Revenue growth of the global materials & chemicals industry is majorly driven by factors such as increasing industrial and commercial activities worldwide, growing demand for raw materials and chemicals in various industries including food & beverage, FMCG, manufacturing, healthcare, electronics, buildings & construction, petrochemical, packaging, and textile industries, and rapid adoption of energy-efficient and sustainable materials & chemicals. Rising focus on reducing carbon emissions, growing demand for biodegradable and eco-friendly products, development of high-performance, lightweight, specialty chemicals and materials, and stringent regulations for use of environmentally safe and sustainable products are among the other major factors creating revenue growth opportunities for global materials & chemicals industry over the forecast period.

Global Seam Tapes Market Segmentation:

Product Type Outlook (Revenue: USD Million; Volume: Million Meters; 2017-2027)

Single-Layered Seam Tapes

Multi-Layered Seam Tapes

Backing Material Outlook (Revenue: USD Million; Volume: Million Meters; 2017-2027)

Polyurethane

Polyvinyl Chloride

Polyamide

Others

Function Outlook (Revenue: USD Million; Volume: Million Meters; 2017-2027)

Ultra Seam Tapes

Lightweight Seam Tapes

Activity Seam Tapes

Application Outlook (Revenue: USD Million; Volume: Million Meters; 2017-2027)

Industrial

Sports

Military

Healthcare
Others

About Reports and Data

Reports and Data is a market research and consulting company that provides syndicated research reports, customized research reports, and consulting services. Our solutions purely focus on your purpose to locate, target, and analyze consumer behavior shifts across demographics, across industries, and help clients to make smarter business decisions. We offer market intelligence studies ensuring relevant and fact-based research across multiple industries, including Healthcare, Touch Points, Chemicals, Products, and Energy. We consistently update our research offerings to ensure our clients are aware of the latest trends existent in the market. Reports and Data has a strong base of experienced analysts from varied areas of expertise. Our industry experience and ability to develop a concrete solution to any research problems provides our clients with the ability to secure an edge over their respective competitors.
