According to 'Electrical Equipment
Global Market Report 2022 – Market
Size, Trends, And Global Forecast 2022-

2026' published by The Business Research Company, the [electrical equipment market](#) size is expected to grow from \$1,384.97 billion in 2021 to \$1,540.25 billion in 2022 at a compound annual growth rate (CAGR) of 11.2%. The growth in the market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The electrical equipment market is expected to reach \$2,273.74 billion in 2026 at a CAGR of 10.2%. The rapid pace of innovations in electronics technology is stimulating consistent demand for newer and faster electrical equipment industry growth.
