DETROIT, MI, UNITED STATES, March 18, 2022 /EINPresswire.com/ -- National Veteran Business Development Council (NVBDC) welcomes "Veteran's Produce" to the Military and Veterans Organization Task Force. "Veteran's Produce" feeds homeless veterans with community greenhouse gardens and teaches them how to grow food. They have three greenhouses in Lewisville, Keller, and Decatur, Texas.

“

Veteran's Produce is honored to join NVBDC and its partners. Together we can accomplish more for those in need and help feed homeless veterans.”

"'Veteran's Produce' is honored to join NVBDC and its partners. Together we can accomplish more for those in need and help feed homeless veterans." said T.C. "The Chief" Beckett, Executive Director.

Each 96-square foot greenhouses hold 200 plants of leafy greens, herbs, and other vegetables, but they are not grown in soil. "Veteran's Produce" uses a form of hydroponics or water-based planting called aquaponics to grow food without the use of soil. Aquaponics is an alternative farming method growing in popularity in the United States.

A Chinese proverb says, "Give a man a fish, and you feed him for a day. Teach a man to fish, and you feed him for a lifetime." "Veteran's Produce" is living that proverb. We are proud to partner with them to share their story with our fellow partners. As the Veterans gain skills and confidence in the program, we are ready to help," commented U.S. Army Lt. Col. (retired) Kathy

Poynton, Military & Veteran Organization Task Force Director.
