truly gaining valuable personal injury trial experience.”

It is an honor to again receive both the Super Lawyer designation and Peer and Judicial Preeminent AV rating by the distinguished Martindale-Hubbell ratings for 2022.”

Frederick Penney states, “It is an honor to again receive both the Super Lawyer designation and Peer and Judicial Preeminent AV rating by the distinguished Martindale-Hubbell ratings for 2022. Though these accolades are wonderful, I could not have obtained any of this without the hard-working staff and attorneys at Penney and Associates Injury Lawyers. It truly takes a team to become successful.”

Within the last few months, the teams of lawyers at Penney and Associates have prevailed on several cases involving

motor vehicle accidents. Most notable is the case against a [Lyft](https://www.lyft.com/) driver and the “mother-ship” Lyft itself. This case was critical for several reasons including but not limited to the fact that it was found during the trial that the Lyft driver was an “ostensible agent” of Lyft itself. In other words, Penney’s firm was able to get past the insurance policy of just the driver and go after Lyft company itself. <https://www.prnewswire.com/news-releases/penney-and-associates-hits-lyft-with-a-six-million-dollar-verdict-in-sacramento-301439905.html> . This is just one example of the hard work, praise and success of those at Penney and Associates have received for 2022 from reputable legal ratings systems, their colleagues, and the judiciary.
