## Some Key Highlights From the Report

- The arbitration segment accounted for largest share in the legal ODR market in Mediation is a procedure whereby a mediator (third-party neutral) helps the parties arrive at a mutually agreeable solution to a dispute or conflict outside of court. In comparison to filing a lawsuit before a judge or jury, the mediation process has several benefits such as flexibility, confidentiality, saving in terms of time and money, certainty, reduced stress, and most importantly, the parties' ability to control the result of their case.
- The brand integration sub-segment under the solutions segment registered the fastest revenue CAGR in 2020. Brand integration is a process of incorporating products and brands into pre-existing entertainment properties. A few significant advantages of getting into pre-existing programming rather than interrupting it are no production costs, higher engagement rates, and no ad-blocking.
- The cloud segment accounted for largest revenue share in the legal ODR market in 2020. Technological advancements in cloud computing and business networks have altered business in such a way that could not have been envisioned a few years ago, and these changes have touched every aspect of an organization. Cloud applications can modernize processes of legal ODR in and bring greater efficiency.
