Source Outlook (Volume, Tons, Revenue, USD Billion; 2018–2028)

- Natural
- Plant
- Animal
- Microbial
- Synthetic

Application Outlook (Volume, Tons, Revenue, USD Billion; 2018–2028)

- Pharmaceuticals
- Food & Beverages
- Animal Feed
- Personal Care
- Others

Some Key Highlights From the Report

Rice protein segment revenue is expected to expand at a significantly rapid CAGR during the forecast period. Customers' increasing awareness of nutritious foods is expected to boost demand for rice protein in a range of sporting and energy-related nutritional foods, which is expected to boost revenue growth of this segment.

Food & beverages segment is expected to lead in terms of revenue share over the forecast

period. Increasing customers interest in functional ingredients that offer additional health and fitness benefits due to rising customer awareness regarding health and wellness and better nutritional health benefits.

North America is expected to account for a larger revenue share than other regional markets over the forecast period because of increased health issues and increased prevalence of diseases including diabetes, obesity, and digestive problems in countries in the region, demand for nutritious foods is increasing.

The report is updated with the latest economic scenario and market scope with regard to the ongoing COVID-19 pandemic. The report covers growth prospects as well as current and futuristic revenue estimations in a post COVID scenario. The report also covers changing trends and market dynamics due to the pandemic and provides an accurate impact analysis of the crisis on the overall market.

Key Points of Functional Ingredients Market:

Extensive coverage of the analysis of the Functional Ingredients market

Key insights into the regional spread of the industry in key geographies

Radical insights into the vital market trends; both current and emerging trends, and factors influencing the growth of the market

Comprehensive coverage of the impact of the COVID-19 pandemic on the overall growth of the Functional Ingredients market

Complete data about the key manufacturers and vendors in the Functional Ingredients market

Market Drivers:

The constant efforts of prominent players to develop newer and modern technologies and product advancements are expected to drive the growth of the industry over the coming years. The report studies the extensive business expansion plans and advancements in RD activities and product portfolio. The report offers a clear understanding of the alliances in the market, such as mergers and acquisitions, joint ventures, collaborations, partnerships, agreements, product launches and brand promotions, and corporate deals.

The report also talks about the shift in demands and emerging trends that are expected to drive the growth of the market. The rising demand for the Functional Ingredients products is expected to drive the demand for Functional Ingredients, thereby bolstering the growth of the industry. Moreover, the report also studies the impact of the COVID-19 pandemic on the market.

Regional Analysis:

The report sheds light on the region expected to dominate the Functional Ingredients market in the coming years. The report estimates the market size in terms of volume and value and offers an accurate estimate of the market share each region is anticipated to hold during the forecast

period. The report analyzes the spread of the Functional Ingredients market in key geographies covering North America, Latin America, Europe, Asia Pacific, and Middle East Africa. The regional analysis offers an idea about the production and consumption pattern, import/export, supply and demand ratio, revenue contribution, market share and size, and the presence of prominent players in each region.
