

Concierge Auctions Announces 120m Mega Yacht to be Featured in Sotheby's Pop Culture Week Exhibition

As the 9th largest superyacht in the world, Project Y910 is a rare opportunity to acquire a 120-meter SOLAS mega-yacht, ready to be designed to one's own taste.

NEW YORK, NEW YORK, UNITED STATES, March 21, 2022

/EINPresswire.com/ -- Concierge Auctions is pleased to announce [Project Y910](#), the 9th largest superyacht presently under construction with potential to become one of the 40 largest super yachts in the world, will be featured in Sotheby's Pop Culture Week, open to the public from 26-30 March.

Currently located at Fincantieri Trieste Shipyard in Italy, Project Y910 sits ready for outfitting.

“

We are honored to work in conjunction with the yachting world to bring this vessel to auction and look forward to naming the new owner.”

Caitlin Keys, Concierge Auctions Vice President of Business Development

Bidding is currently open with a high bid of €1.5 million. In cooperation with Boathouse Auctions and Listing Agent Eric Althaus of Althaus Luxury Yachting, the bidding will conclude on 31 March on Concierge Auctions' digital marketplace, [ConciergeAuctions.com](#), selling to the highest bidder.

“Perhaps what makes Y910 unique is, not only that it's one of the largest mega yachts in the world today, but due to the Ice Class 1A hull it is capable of cruising in challenging latitudes in total safety, allowing great exploration for all kinds of tastes,” stated Jack Mahoney of Boathouse

Auctions. “At approximately 6,000 gross tons, Project Y910 hosts significant interior and exterior volumes. With a thousand possibilities for complete personalization, the new owner can give life

to a unique yachting project, an explorer luxury megayacht, a private superyacht, a charter and event dedicated superyacht, or a luxury resort residence.”

Designed by naval architect Robert McFarlane of McFarlane ShipDesign and architects Cor D. Rover, Andrew Winch and Oliver Stirling and ready for outfitting by Fincantieri Trieste, the world's largest shipbuilding groups known for diversification and innovation, Project Y910 is sustainable development at heart. The 120-meter luxury project “recycles” an existing ice class hull, by lengthening it, adding a complete new aluminum superstructure and a hybrid diesel electric propulsion to deliver a brand-new concept. The hull and superstructure are all but finished, and what remains is the luxurious interior and deck amenities, including the possibility of up to 18 staterooms and all common areas with accommodation for up to 36 guests and 50 crew members.

Rare opportunity to design the interior to your taste

“A dedicated team of engineers, architects, and designers are available to make the new owner’s dream a reality,” stated Althaus. “With a significant stage of completion thus far, the predicted delivery from the signature of the contract is just 18 months—significantly less time than 4 to 5 years when starting from scratch.”

Project Y910 additionally offers more than 25,000sf/2370m² of accommodation and entertaining space, with more than 14,000sf/1360m² of open space. Renderings/plans feature two pools (75sf/7m² and 86sf/8m²) offering spacious gathering spots to soak up the sun and enjoy the scenery; two helipads; a helicopter lift/hangar; four tender garages to shuttle guests to and from shore in style; a large owner’s apartment on deck 6; two VIP apartments on deck 5, and 15 additional double-berth cabins on deck 4. Onboard garages will accommodate any type of vehicles, including all-terrain bikes, mini mokes, large SUVs, and a landing craft for their shuttle to/from shore.

“We are honored to work in conjunction with the yachting world to bring this vessel to auction

and look forward to naming the new owner,” stated Caitlin Keys, Vice President of Business Development with Concierge Auctions.
