

Metatron's Launches Pre-Mint NFT Marketplace NFTMintHouse.com

DOVER, DE, UNITED STATES, March 22, 2022 /EINPresswire.com/ -- Metatron (OTC Pink: MRNJ), a mobile and web technology pioneer having developed over 2,000 mobile apps, is pleased to announce the launch of NFTMintHouse.com, a NFT full service provider and pre-mint marketplace that allows anyone to monetize digital art and create NFTs. Metatron has generated millions of downloads for top-tier clients and at one time had more apps in the top 20 lifestyle on iTunes than any other company.

NFTMintHouse.com will enable anyone to mint NFTs and place them on a variety of blockchains. It is as simple as

uploading a digital file including gifs, jpegs, video, audio then having NFT encapsulation software gener-ate a NFT that is sent to a customer's wallet automatically. The company is offering a digital marketplace where users can upload, buy and sell, and generate NFTs in all file types.

Customers can currently purchase limited edition pre-mint NFT's, and soon digital art from popular artists, that can be converted to NFTs for monetization.

“

NFT's are the future of digital ownership verification with universal authentication, those in the know understand buying NFT's at the pre-mint stage tends to be the most profitable time to purchase.”

Joe Riehl

Digital art, songs, videos, contracts, pdf's even trust deeds can be turned into NFT's which will make the customer the verifiable owner of the under-lying asset but will also allow savvy collectors to seamlessly market and resell the corresponding NFT. NFTMintHouse.com currently accepts crypto payments but will soon allow purchases in all major currencies via popular payment platforms.

NFT growth has been staggering with the global non-

fungible token market is expected to register CAGR of 39.6%, and projected to increase from USD 340.0 Million in 2020 to USD 3.57 Billion by 2030. The largest NFT marketplace by total volume traded is NBA Top Shot, with over \$600 million all-time volume traded in mid 2021. OpenSea, which hosts trades valued between \$70 and \$90 million every 30 days, takes the top spot in mid 2021.5

“NFT’s are the future of digital ownership verification with universal authentication, and those in the know understand buying NFT’s at the pre-mint stage tends to be the most profitable time to purchase”. Joe Riehl CEO Metatron.

Metatron also released an energy boosting, consciousness enhancing mobile app called Focused Life Force Energy, for Android and soon Apple devices. With thousands of satisfied customers who already joined via the free trial program with no credit card required, the service has seen explosive growth. We urge all shareholders interested parties try the life-changing service today: <http://bit.ly/FreeGiftofEnergy>.

Forward-Looking Statements: Any statements made in this press release which are not historical facts contain certain forward-looking statements, as such term is defined in the Private Litigation Reform Act of 1995, concerning potential developments affecting the business, prospects, financial condition and other aspects of the company to which this release pertains. These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results of the specific items described in this release, and the company’s operations generally, to differ materially from what is projected in such forward-looking statements. Although such statements are based upon the best judgments of management of the company as of the date of this release, significant deviations in magnitude, timing and other factors may result from business risks and uncertainties including, without limitation, the company’s need for additional financing, which is not assured and which may result in dilution of shareholders, the company’s status as a small company with a limited operating history, dependence on third parties and the continuing popularity of the iOS operating system, general market and economic conditions, technical factors, receipt of revenues, and other factors, many of which are beyond the control of the company. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results,

levels of activity, performance, or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy and completeness of such statements, and we disclaim any obligation to update information contained in any forward looking statement.
