PRESS RELEASE | LONDON BOOK FAIR 2022

In his memoir, Carl comprehensively captures in words his milestones and the profound and meaningful relationships he has made through the years. The book embodies positivity even through unfavorable circumstances. Even though most of the events recorded in his book were set during the peak of the Second World War, Carl writes about an era when one rarely gets to make his own choice, and from that, he's able to indirectly point out that with strength and resilience, anyone can live the life they want.

“

A running commentary of life brimming with enthusiasm, smiles, and laughter.”

Carl M. Robinson
