Montessori, a best-in-class [preschool](#) and kindergarten program in [Fremont](#), [Danville](#), and Dublin, is proud to announce its inclusion on Yelp’s prestigious list of best preschools in Fremont, California. The list is based on reviews on the popular website and emphasizes quality, private preschools based in and around Fremont, California.

“We are very proud of our reviews not just on Yelp but also on Google and other review sites, as these are generated by parents and give us proof-positive on our quest to be the best preschool in Fremont California,” explained

Harpreet Grewal, director of Learn and Play Montessori. “We find many parents first turn to Internet sites when looking for the best preschool program for their child in Fremont, and thus being included on this Yelp list is very exciting. That said, we strongly recommend that a parent book an appointment and school tour so that they can verify that the program is indeed best for their child.” Preschool

SCHEDULING A SCHOOL VISIT IS THE BEST NEXT STEP

Being included on a list of the top schools in Fremont is exciting and prestigious. But parents should quickly realize that there is no simple “best” school for all children. Each child is a unique individual and what will work for one child, will not work well (if at all) for another. The beauty of the Montessori method is that it is child-centered. By putting the child at the center of the educational methodology, the Montessori method empowers the child to work with the teacher to intuitively find the best learning method. For this reason, parents should schedule a school visit, meet with staff, and research the best teaching methodology that will work with their daycare, preschool, or kindergarten student.
