

TURBOARD Showcased How It Turns Health Data Into Value to Industry's Leaders at HIMSS22

TURBOARD attended HIMSS22, Healthcare's Most Influential Event Between March 14 -18 in Orlando, FL

ORLANDO, FLORIDA, UNITED STATES, March 24, 2022 /EINPresswire.com/ -- [TURBOARD](#), an innovative Business Intelligence and Data Analytics company showcased its products at the HIMSS Global Health Conference and Exhibition, between March 14th and 18th, in Orlando, Florida.

Mrs. [Yasemin Sahin](#), CEO and Co Founder of TURBOARD stated that: "During the event, we realized there's a need in every sector for an efficient, easy to integrate BI and Analytics platforms, which offers rich data visualization and reporting capabilities. We had live meetings, demo sessions which received attention and interest from the attendees as well as industry leaders. TURBOARD stood out with its dynamic infographics and customer-facing BI capabilities for thousands of users on big data."

HIMSS22 participants emphasized the basic needs that can really benefit from appealing data visualizations. Yasemin Şahin showed during one of the demo sessions. The demo impressed the viewers in terms of how fast it is for TURBOARD to connect a database and start generating graphics from the columns or queries.

Health data analytics is one of the top priorities for both attendees and industry leaders, as data inevitably continues to grow in volume, variety and velocity. Having insight demands from current and potential users are also increasing which represents the need for customer-facing

TURBOARD AT HIMSS22
