

Skillable Recognized with 11 Badges in G2's Spring 2022 Report, Including Virtual IT Labs Leader for the Third Time

Additional notable badges include "Most Implementable" and "Best Usability" amongst select vendors

NEW PORT RICHEY, FLORIDA, US, March 24, 2022 /EINPresswire.com/ -- Skillable was honored by G2 with 11 badges for Spring 2022, most notably as the Virtual IT Labs Leader for the third time

and a repeat naming as the Leader in the Enterprise and Mid-Market categories.

It's fantastic to be named the Virtual IT Labs Leader again and I am thrilled that our customers have recognized us based on their implementation and user experiences."

Corey Hynes, CEO of Skillable

These 11 badges are exclusively based on in-depth user reviews submitted on [G2.com](https://www.g2.com), Inc., the world's leading business solutions review website, and bring Skillable's badge total to 41 since Fall 2020.

In addition to the success in the Virtual IT Labs Leader category, Skillable was awarded with "Most Implementable" and "Best Usability" amongst select

vendors.

"Most Implementable" is awarded to the vendor with the highest implementation score from customer satisfaction with set-up process, amount of time (in months) required before go live, user adoption percentage, implementation method used and number of reviews received.

"Best Usability" is awarded to the vendor with the highest overall usability score from customer satisfaction with ease of use, ease of admin, user adoption percentage and number of reviews received.

"It's fantastic to be named the Virtual IT Labs Leader again and I am thrilled that our customers have recognized us based on their implementation and user experiences," says Corey Hynes, Chief Executive Officer of Skillable. "We recently launched an onboarding program to support our new customers and continue to offer platform enhancements, best-in-class documentation and training events to support our customers on their Skillable journey.

"Rankings on G2 reports are based on data provided to us by real users," said Michael Fauscette,

Chief Research Officer of G2. “We are excited to share the achievements of the products ranked on our site because they represent the voice of the user and offer terrific insights to potential buyers around the world.”
