MILWAUKEE , WISCONSIN , USA, May 12, 2022

[/EINPresswire.com/](https://EINPresswire.com/) -- The Wisconsin US Navy Veterans Mesothelioma Advocate says, "If you are a Navy Veteran with recently diagnosed mesothelioma in Milwaukee, Green Bay, Madison, Kenosha or anywhere in Wisconsin or their immediate family please call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303 for specifics about how your compensation claim might work. The most important information Erik Karst will need is the specifics of how the Navy Veteran was exposed to asbestos on a navy ship, submarine or at a shipyard. It is this incredibly important information that will become the foundation for a mesothelioma compensation claim.

A few questions might answer how the Navy Veteran with mesothelioma was exposed to asbestos might include:

- * "Did you ever work in a ship's engine room, repair shop, or as a repairman on a ship?"
- * "Did you ever work on pipe valves, insulation, or make mechanical repairs on a submarine?"
- * "Was your ship or submarine ever at a shipyard where you were required to assist shipyard workers with repairs?"

Important note: "It is this type of information that might be very useful to attorney Erik Karst of Karst von Oiste so he can ask a few more questions about situations like this-and the Veterans recollections about their asbestos exposure. Another tip might be--does the Navy Veteran recall the names of any shipmates who may have witnessed their asbestos exposure? As attorney Erik Karst of Karst von Oiste is always happy to discuss at 800-714-0303. This is how you build a mesothelioma compensation claim." www.karstvonoiste.com/
