Ruslan Agirba from Ukraine is a perfect representative of the excellent graphic arts craftsmanship that prevails in East Europe. His etchings are very well executed, and the motives are interesting, often with an erotic and sexual hint. Ruslan Agirba said some years back that; "The most interesting and noticeable events take place and will always take place in the name of love or because of it". Unfortunately, he was wrong, but we must hope that he will be right some day in the future. Mr Agirba is born 1957 and has participated in hundreds of exhibitions and won more than 30 awards.
