COVID-19 Scenario Analysis:

The COVID-19 outbreak has caused a decline in the growth of the global industries creating a mass disruption for buyers as well as sellers. There are shutdowns of production units and markets globally which has stopped the production, sale, and marketing of the product. This has also offered an opportunity for the companies to look after their supply chain relationship and business models for the future.

Top Impacting Factors: Market Scenario Analysis, Trends, Drivers and Impact Analysis

Increase in population and rise in disposable income of consumers boost the market growth. People now are living a lifestyle full of stress and work load. They do not have time to relax. So they are diverted toward off-road motorcycle to get some change in their lifestyle. Increase in number of riders surges the demand for helmets which comes in many variations and with many features which attracts the consumer.
