

Tempered Glass Market Manufacturers Incorporate Advanced Technologies For Precision

The Business Research Company's Tempered Glass Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026

LONDON, GREATER LONDON , UK, March 29, 2022 /EINPresswire.com/ -- Tempered glass manufacturers using new, advanced technologies for manufacturing glass is a key trend in the global [tempered glass market](#). For example, low-temperature glass joints for optics and precision mechanics are increasingly being used by glass manufacturers. This process is developed in collaboration with Fraunhofer IOF, a leading institute for Applied Optics and precision engineering, and Vistec Electron Beam GmbH, a leading company for advanced electron-beam lithography. These steady and strong inorganic joints produced by this new process ensure high mechanical strength with minor optical losses.

Tempered Glass Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026

In April 2021, Airxcel Inc. completed the acquisition of Cleer Vision Windows Inc. This acquisition has further established Airxcel into the RV industry, thereby enhancing the company's product portfolio and its business. Airxcel Inc is a US-based designer, manufacturer, and distributor of functional products for recreational vehicles and Specialty HVAC markets. Cleer Vision Windows, Inc, is a supplier of windows and tempered glass to the RV and specialty vehicle industries.

The global tempered glass market size is expected to grow from \$53.05 billion in 2021 to \$56.42 billion in 2022 at a compound annual growth rate (CAGR) of 6.35%. The growth in the market is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges.

The global tempered glass market size is expected to reach \$76.93 billion in 2026 at a CAGR of 8.06%.

The increasing use of tempered glass in mobile phone accessories propels the growth of the tempered glass market. Consumers often view mobile phones as premium products and are willing to spend on external accessories such as tempered glass screen protectors. Tempered glass products have emerged as highly used screen protection technology over the years due to its high quality, and multi-layered, shock-absorbent properties. According to the tempered glass industry growth analysis, increasing use of tempered glass in mobile phone accessories to sustain durability and reduce the chances of screen damage will drive the demand for the market.

Major players covered in the global tempered glass industry are Saint-Gobain, Dlubak Specialty Glass Corporation, Guardian Industries, NSG Group, Asahi Glass Company (AGC), PPG Industries, AFG Industries, Pilkington, Cardinal FG, Shanghai Northglass Technology & Industry Co. Ltd., and AYG Coating Glass Co. Ltd.

TBRC's global tempered glass industry report is segmented by shape into flat tempered glass, bent tempered glass, by type into plain glass, colored glass, by end-use industry into automotive, construction, electrical and electronics, others.

[Tempered Glass Global Market Report 2022](#) – By Shape (Flat Tempered Glass, Bent Tempered Glass), By Type (Plain Glass, Colored Glass), By End Use Industry (Automotive, Construction, Electrical And Electronics) – Market Size, Trends, And Global Forecast 2022-2026 is one of a series of new reports from The Business Research Company that provides a tempered glass market overview, tempered glass market forecast, tempered glass market size and tempered glass market growth for the whole market, tempered glass market segments, geographies, tempered glass market trends, tempered glass market drivers, restraints, leading competitors' revenues, profiles, and market shares.
