“

“Detective Chief Inspector Cransford Garvin couldn’t believe he’d gotten himself into such a mess. He didn’t do crime call-ins anymore. He was too senior. Too close to retirement.”—

Lucy Kirk

“A terrific spy story read with a compelling female protagonist! I loved the twists and turns in Lucy Kirk's book "The Poison Factory" - as well as making the espionage aspects realistic but still exciting. Despite their continuous denials, we know the Russians deploy poisons to kill or threaten the Kremlin's enemies. Lucy has used that truth to craft a very readable and enjoyable spy thriller.”—
Valerie Plame

“The Poison Factory is sure to appeal to anyone afflicted with Cold War nostalgia or those suspicious of Russia’s current global maneuvering or both. Dektora herself notes

the continuity: "The Russians would get back to their old tricks, Cold War over or not." Given her CIA career, Kirk effectively incorporates CIA terms, tactics, and relevant global news."— Amazon Customer Review.
