

Scott Cooper Miami Project Asks Students To Write About The Will Smith Slap At The Oscars

The Scott Cooper Miami Scholarship is unique in the sense that it requires students to write essays that are thought-provoking and controversial.

MIAMI, FLORIDA, UNITED STATES, March 29, 2022 /EINPresswire.com/ -- The Scott Cooper Miami Scholarship just announced its newest opportunity. Students are required to submit an essay by April 30, 2022, on the following topic

Will Smith shocked the world when he walked on stage and smacked comedian Chris Rock, who has just made a joke about his wife. The Academy of Motion Picture Arts and Sciences said Monday that it "condemns" Will Smith's actions at the Oscars and is launching a formal review into his conduct.

What would you have done?

The review comes following intense public debate about whether Smith's actions were justified or unwarranted. Smith could be sanctioned if he is found to be at fault during the review, but it's not yet clear if the Academy would go as far as to take away the "Best Actor" award he won later that night. If you were advising the Academy, how would you suggest they handle the Will Smith and Chris Rock situation?

EDWARD MICKLOS - Arctic Deposits of Oil and Natural Gas Should Be Exploited to Support the United State's Interests - I was born and raised in Wisconsin, giving me an affinity for cold, winter weather. However, since I was ten years old, I have been taking

care of my mother. She has been afflicted by multiple sclerosis, a disease that has damaged over a quarter of her brain. Despite this, I pushed myself in high school and took a dozen AP tests, earned a welding certification, and served as a teacher's assistant. All of that happened during the school day. At home, I would do my homework, cook meals, clean, and perform other household chores. However, I want to make a difference beyond my home and the local community. I am pursuing my bachelor's degree in Global Security and Intelligence Studies at Embry-Riddle Aeronautical University where I intend to graduate a year ahead of my cohort. I am specializing in Eastern Europe and Russia, which includes learning the Russian language. After graduation, I intend to serve my country in the intelligence community, further supporting the United States armed forces and decision-makers with the expertise I am developing in foreign affairs and military capabilities.
