

NetCentrics Wins Best Place to Work in Washington, D.C. Award

NetCentrics Has Won This Award Four Times

HERNDON, VA, UNITED STATES, March 30, 2022 /EINPresswire.com/ -- [NetCentrics](#), a market leader in cybersecurity, enterprise IT, and telecommunications solutions and services for the DoD, DHS, Federal Civilian Agencies, and Intelligence Community, today announced it was recognized as a [Best Place to Work in Washington, D.C.](#) by Comparably, a workplace sentiment site. NetCentrics has won this award four times in the last five years.

Winners were determined based on employee feedback to a combination of workplace culture questions in nearly 20 categories, including compensation, leadership, and professional development opportunities to work-life balance, perks and benefits. All ratings were given during the COVID-19 pandemic (March 2021 through March 2022), making this list especially relevant for job seekers looking for a great place to work in the region.

“

[This award is] super exciting for our teammates who work tirelessly each day to live our core values: Mission First, People Always, Be Eminent, Embrace the Team, and Act with Purpose.”

Kenny Cushing, CEO

NetCentrics ranked in the Top 25 for companies in the District of Columbia and the National Capital Region, along with brands such as Tenable, Axios, and Appian. NetCentrics was the only Herndon headquartered company on the list.

NetCentrics employees rate professional development, mentorship, career growth, and other company benefits

on an ongoing, anonymous basis. Seventy-five verified employees participated in the last year.

NETCENTRICS

NetCentrics

"We humbly accept this recognition...it's super exciting for our teammates who work tirelessly each day to live our core values: Mission First, People Always, Be Eminent, Embrace the Team, and Act with Purpose. These aren't just words to us. You can feel it when you come to NetCentrics," says Kenny Cushing, CEO.

Best Companies to Work for awards are based on anonymous sentiment ratings from employees. There were no fees or costs associated with participating. Employees were not incentivized to participate, nor was nomination required.

This award comes shortly after NetCentrics announced [Wraith™](#), a new technical solution enabling mission-critical defensive cyber operations in multi-cloud environments. The software as a service (SaaS) product provides end-to-end connectivity and tooling across cloud, on-prem, and hybrid mission partner environments, securing our nation.
