XCentium has completed a practice-wide product immersion including verification of product enablement requirements, creation of a dedicated capable and scalable practice including proven customer success in OrderCloud.

The Sitecore Practice Specialization Framework (PSF) is a way to surface and highlight Partners' product skills and capabilities, giving partners and customers a head start on project success. This OrderCloud-ready designation enables Sitecore customers to recognize a specialized solutions partner, increasing customer confidence and reducing project risks to help maximize ROI.

"We are proud to be the first partner to achieve the OrderCloud Specialization," said Amrit Raj, Managing Partner, XCentium. "Innovation and technical expertise in Sitecore is at the heart of our company. We look forward to working with more organizations to deliver transformational results on OrderCloud as well as the many offerings in Sitecore's composable ecosystem."

"Practice specialization is the next step in the evolution of Sitecore's Solution Partner Program, and we are happy to see XCentium join the list of Solution Partners who have achieved this milestone. Specialization reflects a significant investment in time and resources and shows a level of commitment that we at Sitecore - and our customers, greatly appreciate." – said said Rich Landa, Chief Operating Officer, Sitecore Commerce."
