she was responsible for the events that happened. The only disruptive part was that she was constrained to do everything she wanted because Mitra was among the

minority in Iran: a female and a member of the Baha'i Faith. Her moves have been lessened as her religion restricts her. When she went to America, all of her dreams came true. She grabbed a hold of all the opportunities and led a happy life.

“While chronicling various chapters throughout her life, the author never sways a consistent tone of hope, faith, perseverance, compassion for the accomplishments and obstacles she has faced as well as lessons she had learned. Truly a remarkable read...Her struggles layered with her ever graceful willpower to move forward will certainly instill many emotions in the reader.” — Amazon Customer Review.

“Thompson's storytelling arc is commendable; imbuing a narrative with so much information and avoiding clunky writing is rarely done as seamlessly as in this piece. A must-read, particularly for immigrant populations who will surely form an instant connection, the gamut of emotions is on full display as readers traverse the journey of Thompson's fearless and purposeful life decisions.” — Reviewed by Mihir Shah, US Review of Books.
