During AAM, bring awareness to the world about the adaptive community, their struggles and incredible strength.

SAN FRANCISCO, CA, UNITED STATES, April 1, 2022 /EINPresswire.com/ -- Amplife™ is proud to kick off the start of [Amplife™ Awareness Month](#) (AAM)! Join us in celebration of AAM from April 1-30.

Amplife™ Awareness Month celebrates the victories, shares empowering stories and imperative information about the adaptive community while bringing awareness to the world about those living as an adaptive individual, their struggles and incredible strength.

The official color of Amplife™ Awareness Month is red, with every Monday during the month of April being “Rock Your Red” to show unity and support for the adaptive community.

In 2014, Amplife™ Founder, [Abdul Nevarez](#), turned his tragedy into Amplife™, offering unique and inspiring products representing the Adaptive and Amputee Life®, empowering adaptive, amputees & able bodied people all over the world!

A near fatal hit and run motorcycle accident in 2012 changed his life in an instant. Nevarez was left with life changing injuries. He became a right above knee amputee with severe nerve

damage in his left leg and arm. He primarily uses a wheelchair for mobility.

After his motorcycle accident, Nevarez wanted to rock some cool gear representing the amputee community. There was nothing out there that was his style or that he would wear so he decided to create his own brand, Amplife™, which has drawn the attention of big names like [Snoop Dogg](#) and has been sold all over the world.

“Our mission is to empower amputees & all those with adaptive abilities to rock their Amplife™ and live it without limits! We have the power to change lives, support each other & share a community like no other. We come together to lift each other up, share knowledge and experience while being a part of something bigger than ourselves, using our struggle as our strength.” Nevarez proudly states.

“Our motto, ‘Can’t Stop. Won’t Stop. Refuse to Stop.’ encompasses the Amplife™ attitude. Nobody has lost anything and nobody is left out. It’s about what we can do by adapting, living life without limits, coming together as a community to help each other and grow while bringing awareness to the world about what is possible with our adaptive abilities.” says Nevarez.
