GBC has made transaction faster and safer by developing its own Apps for payments that makes it an easy process for users to carry out various trade operations which does not require any technical know-how skill for the usage of the Genesis Bank Coin (GBC). This will in turn facilitate the

free flow of its coins.

The Genesis Bank Coin (GBC) team has created a safe and secured wallet for its users whereby

registered users have access to their coins from anywhere in the world, whether it is been operated via a desktop or hand held device with 24 hours access to their Genesis Bank Coin anytime and any day.

It is our desire to see your assets move swiftly without loss or failure. We ensure that we help users achieve their financial goals, and build their trust in our brand. This is not just an eye opener. It is a starting point.

Whereby private sales of GBC is giving extreme advantages to people and firms before any public sales on an Exchange will start as the demand is becoming bigger day by day.
