Some Key Highlights from the Report

- In September 2020, CX 400BT True Wireless was launched by Sennheiser, and delivers high fidelity stereo sound with natural mids and deep bass due to the presence of 7mm dynamic driver.
- In May 2020, HD 458BT wireless headphones was launched by Sennheiser with a stylish new design.
- Asia Pacific accounted for largest revenue share contribution to the global market in 2020 and the trend is expected to continue over the forecast period. This steady growth can be attributed to presence of key players in countries in the region. China, being the largest producer and consumer of electronics, is a major contributor to revenue growth of the market in the region. Moreover, rising disposable income, increasing penetration of mobile devices, and rapid development of 5G infrastructure in countries such as India, South Korea, China, and Japan is expected to support market growth.

The report further sheds light on the emerging growth opportunities, challenges, market threats, limitations, and factors likely to restrict the growth of the Speaker Driver market. The report further discusses in detail the market in international waters and the emerging trends in those regions. It also offers insights into the competitive landscape, market drivers, industrial scenario, and the latest product and technological developments to offer a comprehensive overview of the Speaker Driver market landscape.

The Speaker Driver research report also includes an insightful study of the prominent players of the industry along with their business overview, strategic planning, and business expansion plans adopted by them. This assists the readers and business owners in formulating strategic expansion and investment plans. The report focuses on mergers and acquisitions, joint ventures, collaborations, partnerships, corporate and government deals, and others.
