## About this event

The Gift of Sight Digital Art Collection will consist of landscape images donated that people find beautiful or inspiring — and then digital artists will overlay filters that represent visual impairment.

The collection is an expression of living with visual impairment.

This collection will make its real-world gallery debut at Elena Bulatova Fine Art on April 14, 2022 in Palm Desert, CA. The opening will have a selection of NFTs from the collection for sale, as well as a silent auction.
