A Stunning Journey Told with Humor That Leads to an Epiphany - - Create the Reality You Desire

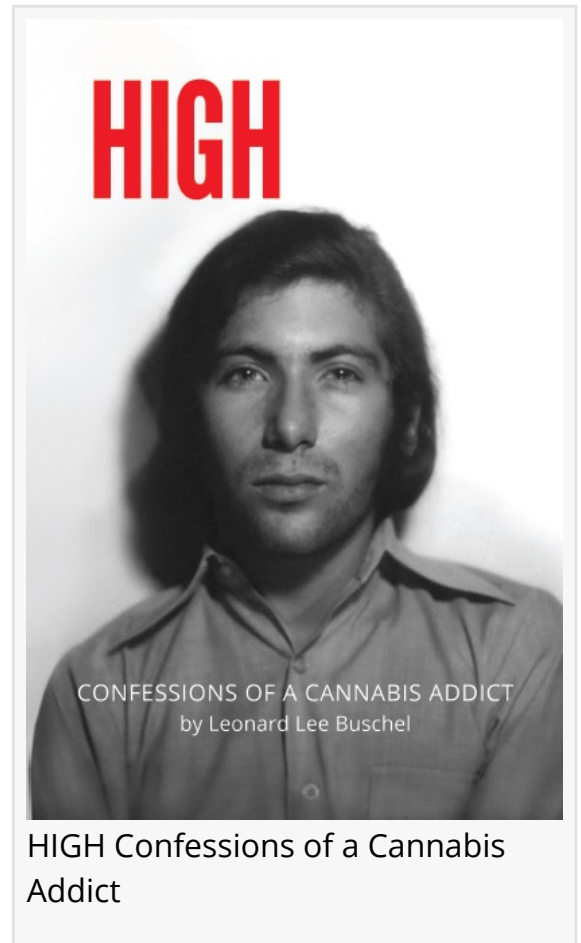

LOS ANGELES, CA, UNITED STATES, April 6, 2022 /EINPresswire.com/ -- Leonard Lee Buschel's memoir **HIGH: Confessions of a Cannabis Addict**, published by Logan House Publications, is now available on Amazon and in-stores at Barnes and Noble. Buschel takes us through his turbulent upbringing in Philadelphia, his teetering on the edge of destruction drug-dealing days until, finally, he miraculously finds beauty in living a sober life. In a classic story of man versus himself, Buschel weaves his death-defying tales together while interspersing them with the accurate insight only a California Certified Substance Abuse Counselor could provide.

"It's honestly amazing to me that, in 25 years of dealing and using, I managed to avoid getting arrested," says Buschel. "Or that I survived the drug-induced near-death experience that landed me in the hospital - - and then surviving the open-heart surgery as well as a brain tumor. My whole life has been a close call!"

One hurdle after the other presents itself to Buschel and each time, his strong will and entrepreneurial spirit motivates him to reinvent himself. His fascinating adventure through life will entertain, shock and educate those who are thinking about recovery, are in recovery or know someone who is in recovery.
