YHSGR in California was founded in 2019, and Kusuma closely followed the Quantum Leap System business

model to grow the business. At the core of the company is a promise to put clients first, while also improving communities through second-mile service, innovative systems and charitable giving. YHSGR fulfills its clients' wishes by showing them homes that are listed online, as well as homes that are hard to find online.

In growing his business, Kusuma has also focused on recruiting and developing new real estate agents. The company's lead generation and marketing system makes it easier for real estate agents to maintain a solid pipeline—eliminating the painful cold calling process. YHSGR also offers real estate agents extensive training opportunities on how to negotiate, collect own fees, and offer industry-leading service to customers. Because of this, real estate agents at YHSGR financially outperform agents at competitive firms.

"We are proud to be one of the fastest-growing real estate companies nationwide," said Kusuma. "If you're looking to buy or sell a home, Your Home Sold Guaranteed Realty is there for you every step of the way. You can count on knowledgeable agents with performance guarantees that are ready to handle every situation, giving you the peace of mind that you made the perfect choice in a real estate agent and company."
