Each story is full of experiences that range from good to bad, pleasant to unpleasant, and everywhere else in between. This book "Autobiography of a Mysterious Man" is my story. I have always had an interest in writing and decided to try my hand at writing a book. I am by no means a

professional writer but I just went for it and this is the result. I hope this book will inform people about who I am as a person and that it will bless others like myself who have gone through some of the same things I have. I don't know what to expect from this process of telling my story or how it will be received, but it came from my heart. I sincerely hope all who read it enjoy it. Thank you!!!!"
