PAPERBACK

As Coralie is led on a journey into the unknown where she must plot against Gwilda the white witch, she travels between reality and the forest world as her friends and family set out through turmoil to find the truth and hopefully save Coralie from herself. A story that shares the exciting conclusion to a trilogy as a teenager enters a dark forest into a destiny she never expected.

“

Coralie was excited. She had a weapon she could use, now. What fun she could have teaching a lesson not to be forgotten by anyone she disliked.”
