

2022 COVID Surge of Surrendered Pups Leads Spot Dog Walking App to Raise Money for Shelters

On April 12th 2022, Canadian dog walking app 'Spot Dog Walkers' is raising money for Pawsitive Match

TORONTO, ONTARIO, CANADA, April 12, 2022 /EINPresswire.com/ -- With the days of pandemic restrictions fading into the rear-view mirror, local pet shelters across Canada are feeling the pinch of rising pet surrenders, as new dog owners return to their regularly scheduled lives.

On this note, AARCs pointed out, "when you look at the first quarter of 2021 versus 2022, what we've actually seen is the number of (dog surrender) requests has doubled." They're not the first shelter to have noticed leaps like those either.

“

In times like these especially, we believe that pet rescues across Canada deserve recognition and support for their work, and we're grateful for the chance to put forth a helping paw."
John Minchin, Founder of Spot

As Spot's founder, John Minchin, says, "in times like these especially, we believe that pet rescues across Canada deserve recognition and support for their work, and we're grateful for the chance to put forth a helping paw."

To make a difference, Spot has partnered with Pawsitive Match, giving them 100% of proceeds from this mini-fundraiser.

Even though Pawsitive Match is based in Calgary, their work extends across Canada, and across the globe as well!

They've saved the lives of cats & dogs in the USA, Mexico, and Thailand, in addition to Canada, for 15 years and counting!

As well, Pawsitive Match is a "shelter" in every sense of the word; their work in providing safe

refuge for cats & dogs, who are stuck in crowded or closing shelters (who might otherwise be euthanized) was especially moving to Spot.

Spot will donate \$5 for every completed dog walk on April 12th, 2022. We thank participants for helping Spot & Pawsitive Match find forever homes for surrendered furry friends.
