

Impact of Oral Hygiene Quantified by iData Research in Many Global Publications in Celebration of Oral Health Month

VANCOUVER, BRITISH COLUMBIA,
CANADA, April 8, 2022

/EINPresswire.com/ -- iData Research, a global consulting and market research firm, is participating in celebrating and raising awareness for Oral Health Month. iData focuses on the importance of maintaining good oral health practices and supporting our communities by understanding the role and importance of the dental hygiene profession. This month's theme, inspired by the Canadian Dental Hygienists Association (CDHA), is "Oral Health for Total Health", reminding us all that taking care of our mouth, teeth and gums positively impacts other aspects of our lives.

To celebrate, iData is offering 10% off the FULL VALUE of each dental market research report during April with related charity contributions for every dollar spent. The reports are as follows and include some of our brand-new 2022 reports:

“

April is a month with an inspired focus to celebrate our oral health and to spread word for Oral Health Month throughout our communities.”

Dr. Kamran Zamanian, Senior Partner and CEO
