

AUSTRALIAN INSPIRED NEW YORK CITY BASED WATTLE CAFE RELAUNCHES ITS FIDI LOCATION

Eating Healthy Should be a Way of Life

NEW YORK, NY, USA, April 9, 2022 /EINPresswire.com/ -- — The Women Owned, Australian-inspired wellness brand known for creating food with simple whole ingredients, [Wattle Cafe](#) FIDI, is relaunching it's 19 Rector Street location. Our store is managed by our dedicated Manager, Eric, and we have created an amazing coffee program which will elevate our health focused food menu.

After taking over the space from another iconic Australian brand, Boundless Plains, Wattle Cafe has moved into its new home with an expanded food menu. It is our aim to maintain a space that invites locals in for food and coffee, made only from healthy whole ingredients. The majority of our suppliers are local, many of whom are also women owned businesses.

As a brand that takes inspiration from our founders Australian roots, our food is prepared from simple whole ingredients. The Wattle mission is to nurture, so we have worked to create a menu that shines a light on those ingredients. No dish is made with more than a handful of ingredients and each can be easily recognised. Some of the amazing ingredients we use include Maca Root, Cacao, Blue Algae, Turmeric, Nuts, and Acai. Oh

Food is more than just something we consume but rather needs to be recognized as supportive of a longer and healthier life. I believe eating well needs to be a way of life rather than seen as a diet”
