More kids receive care from CHLA than any other hospital in the area — and CHLA regularly comes to the rescue of children who other hospitals do not provide care for. Walk and Play L.A. supports the only hospital dedicated solely to the health of children in Los Angeles.

YHSGR encourages the public to join its fundraising efforts for CHLA by:

- Joining the YHSGR team at Walk and Play L.A. and creating your own fundraising page.
- Donating to a team member here to help the YHSGR team reach its fundraising goal.

The entire YHSGR team is hopeful that its clients and the overall community will join the team at the walk and help support the fundraising efforts with a donation to Children's Hospital Los Angeles. Charitable gifts will make a difference in the lives of many young patients and their families. Any amount, big or small, will be greatly appreciated and will help create hope and build healthier futures for the families of Southern California and beyond.

At YHSGR, the firm holds a deep belief that when a harmonious group of two or more people come together for a specific purpose, or around a specific topic, they bring forth the power of creativity and support that one can't find when going it alone. The goal is to put that spirit of teamwork and togetherness to use in support of Walk and Play L.A. in 2022 and the many children it can help who are ill or in less fortunate situations.
