The materials and chemical sector is significantly growing in terms of revenue and is expected to register rapid revenue growth during the forecast period. This can be attributed to the rising demand for raw materials and chemicals in various industrial sectors including biotechnology and pharmaceutical, paper and pulp, agriculture, medical and healthcare, and food and beverages among others. Other factors such as increasing awareness about energy efficiency and green energy, the rising need for reducing carbon emissions, and increasing research and development activities are expected to fuel the market growth during the forecast period. In addition, high demand for organic products, the rapidly growing industrial sector, and building and construction activities around the globe are expected to drive global market growth going ahead.

Competitive Landscape:

The report offers detailed information about recent activities by market players along with their financial status, market position, global standing, services, and product base along with license agreement. These key players are adopting various strategies such as partnerships, mergers and

Reports And Data

acquisitions, collaborations, and joint ventures to gain a robust footing in the market. These players are also investing in research and development activities to come up with advanced materials and products.

The leading companies operating in the global Profenofos markets include

Syngenta
Dow AgroScience
PI Industries
Acme Organics
Krishi
Shree Ram Agro India
Sikko Industries
Risiga Agro India
Fulon Chemical Industrial Co., Ltd.
Hualong Chemical Industry Co., Ltd.
Bharat Group
Shandong Keyuan Chemical
Jiangsu Jiangnan Agrochemical
BESSEN Chemical
Kenvos
Greenriver Industry
Jiangsu Futian Agrochemical
Yantai Keda Chemical
Lange(Zaozhuang) Chemical
