

# The TeleDentists and Sesame Partner to Drive the Future of Healthcare by Encouraging Dental and Medical Integration

*The TeleDentists and Sesame are announcing a new initiative to drive dental-medical integration and help patient populations with health needs.*

NEW YORK, NEW YORK, USA, April 12, 2022 /EINPresswire.com/ -- Building on the success of their initial partnership in 2021, today The [TeleDentists](#) and [Sesame](#), the health care marketplace, are announcing a new initiative to drive stronger dental-medical integration and help patient populations with unmet oral health needs and associated chronic diseases.

The TeleDentists and Sesame kicked off their work together during the pandemic to list and offer virtual consultations with dentists 24/7/365 nationwide on the Sesame platform. Sesame helps patients in all 50 states find the best doctors, specialists and medical services at affordable prices.

“

Oral health is vital to a healthy life. Now customers can access a dental professional at the tips of their fingers to receive guidance and support to improve their oral and overall health.”

*Leah Sigler, RDH President  
The TeleDentists*

**The TeleDentists®**

The TeleDentists is the top, nationwide, teledental company in the United States.

**SESAME**

Dental-medical integration [research](#) shows outstanding member results including an average of 27% lower risk scores, 17% lower medical costs, 25% lower preterm delivery rates and 34% fewer incidents of low birth weight. With this new initiative, patients using The TeleDentists and Sesame will be able to speak with a dental and/or medical professional, receive recommendations and remediation, and will be triaged to the correct specialist for in-person or virtual treatment.

“Proper oral health is vital to a productive and healthy life. Now that customers can access a dental professional at the tips of their fingers, they will be able to receive the

guidance and support to not only improve their oral health, but also their overall health,” stated Leah Sigler, president of The TeleDentists. “The fact that Sesame proactively incorporates

teledentistry in their offerings shows they are progressive and that they truly care about their customers' wellbeing."

"Sesame is all about making medical care an attainable and affordable reality for the millions of Americans who go without health insurance or have high-deductible plans," said Chase Knight, vice president of partnerships at Sesame. "That does – and should – include dental care. We're happy to be working with The TeleDentists to bridge the all-too-common gap between medical and dental care."

The TeleDentists and Sesame make accessing quality dental and medical care simpler for everyone. Using telehealth or Sesame's in-person services, customers can access a dental or medical professional, regardless of insurance. This collaboration between medical and dental companies is leading change necessary to improve healthcare.

#### ABOUT THE TELEDENTISTS

The TeleDentists® offer "the first of its kind" virtual dental service. A national network of licensed dentists utilizes a variety of virtual tools (smart phones, tablets, laptops) to assist in diagnosing, remediate and, when needed, arrange local dental appointments the next business day.
