Center Valley Dental offers the Lehigh Valley cosmetic dentistry

"Dental implants are our most popular service," explains Dr. Matthew Lang. "They are long-lasting, natural-looking, and natural-feeling."

“

Dental implants...are long-lasting, natural-looking, and natural-feeling."

*Dr. Matthew Lang*

Dr. Lang and his team use state-of-the-art technology to comfortably place the implant and design a custom, color-matched crown that blends in with a patient's existing smile.

X-rays, the abutment and crown, and any supplemental procedures a patient may need are included in the cost of dental implants.

"We work closely with patients to ensure their treatment is successful," adds Dr. Lang.

Center Valley Dental also offers several other convenient (and less-invasive) cosmetic dentistry services. Crowns strengthen, restore, and rebuild a damaged tooth, while veneers change the shape, size, and color of a tooth surface. Center Valley Dental can even place crowns in only a day with CEREC technology!
