How to Leave Lingering Footsteps when a Person Dies?

LOS ANGELES, CALIFORNIA, UNITED STATES, April 12, 2022

/EINPresswire.com/ -- Nancy Guiles, a woman of genuine faith in Jesus Christ, penned a wildly inspirational book titled *Attached* — an exceptional story in its telling of a life that begins with God at the center. Nancy's unique upbringing in India adds an adventurous perspective to this masterpiece. Nancy's parents, even the faithful believers, and working as missionaries, gave Nancy and her sisters a more in-depth understanding of God's unconditional love, mercy, and grace. Finding a husband who is also a believer gives readers another aspect of understanding the importance of following one's faith. Her journey in the past years,

living with a devastating brain tumor, is profound and horrifying. Despite all the tribulations, Nancy persevered her love for her God and has continued to run the race of faithfulness despite adversity. *Attached* follows the author's family history over several generations, showcasing the incredible journeys they have experienced and how the Almighty God used them along the way. It tells her story of being a daughter of missionaries in India to her being a matriarch in her own family in the United States. Nancy has led a fascinating life, with many twists and turns. “I am awed at the humbleness she exudes. I recommend this book to all who would hear a tale that includes all emotions one finds in life.” — Margaret Berger Morse, Nancy’s friend since the 1960s. This must-read book is a must-have for all readers looking for an inspiring read over a cup of coffee tucked in the corner of the room or bustling coffee shops.
