

Global Pressure Sensor Market Trends, Strategies, Opportunities For 2022-2026

*The Business Research Company's
Pressure Sensor Global Market Report
2022: Market Size, Trends, And Forecast
To 2026*

LONDON, GREATER LONDON, UK, April
13, 2022 /EINPresswire.com/ --

According to 'Pressure Sensor Global
Market Report 2022 – Market Size,
Trends, And Global Forecast 2022-2026'

published by The Business Research Company, the [pressure sensor market size](#) is expected to grow from \$11.09 billion in 2021 to \$12.13 billion in 2022 at a compound annual growth rate (CAGR) of 9.37%. The growth in the market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The global pressure sensors market size is expected to reach \$17.04 billion in 2026 at a CAGR of 8.87%. The rising adoption of pressure sensors in industrial applications is expected to propel the pressure sensor industry growth.

The global pressure sensor market consists of sales of pressure sensors by entities (organizations, sole traders, and partnerships) that are used to measure pressure of gases or liquids. A pressure sensor is an instrument that consists of a pressure-sensitive element to determine the actual pressure applied to the sensor with the help of different working principles and some components to convert this information into an output signal.

Global Pressure Sensor Market Trends

Technological advancements are a key trend gaining popularity in the pressure sensor market.

Global Pressure Sensor Market Segments

The global pressure sensor market is segmented:

By Product Type: Absolute Pressure Sensor, Gauge Pressure Sensor, Differential Pressure Sensor, Others

By Technology: Piezoresistive, Capacitive, Resonant Solid-State, Electromagnetic, Optical, Piezoelectric, Others

By Output: Analog, Digital

By Sensor Type: Wired, Wireless

By Application: Automotive, Industrial, Consumer Electronics, Healthcare, Oil and Gas, Aerospace and Defense, Others

By Geography: The global pressure sensors market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, North America accounts for the largest share.

Pressure Sensor Global Market Report 2022 is one of a series of new reports from The Business Research Company that provides [pressure sensor global market overviews](#), analyzes and forecasts market size and growth for the global pressure sensor market, pressure sensor global market share, pressure sensor global market segments and geographies, pressure sensor market players, pressure sensor global market leading competitor revenues, profiles and market shares. The pressure sensor market report identifies top countries and segments for opportunities and strategies based on market trends and key competitors' approaches.

TBRC's Pressure Sensor Global Market Report 2022 includes information on the following:
Data Segmentations: Market Size, Global, By Region and Country, Historic and Forecast, and Growth Rates for 60 Geographies

Key Market Players: ABB Ltd., Emerson Electric Co., Honeywell International Inc., Infineon Technologies, NXP Semiconductors, Rockwell Automation Inc., Sensata Technologies, Siemens, STMicroelectronics, TE Connectivity, Amphenol, BD SENSORS GmbH, Bosch Sensortec GmbH, Eaton, General Electric, ifm electronic GmbH, Micro Sensor Co. Ltd, Quartzdyne Inc., Renesas Electronics, and TT Electronics.

Regions: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.

Countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea,

UK, USA.

And so much more.
