Target Audience of the Report:

Leading Companies

Large, medium-sized, and small enterprises

Investors

Value-Added Resellers (VARs)

Venture capitalists

Third-party knowledge providers

Some Key Findings From the Report:

In March 2021, Reperio raised a seed capital of USD 6 million from Caduceus Capital Partners and Rogue Venture Partners. This investment will help Reperio to provide at-home medical test subscription service. This service offers blood test for measuring cholesterols, triglycerides and glucose level, blood pressure, resting heart rate, BMI, and relative fat mass.

Needles segment is expected to register a 6.2% CAGR throughout the forecast period. High affordability, repeat purchase, and rising ease of use are major factors boosting revenue growth of this segment.

Asia Pacific is expected to register the fastest revenue CAGR throughout the forecast period. Growing number of blood donation campaigns and major technological developments in healthcare infrastructure are key factors propelling revenue growth of the market in this region.
