

Is American Samoa part of The United States of America?

PAGO PAGO, AMERICAN SAMOA, UNITED STATES OF AMERICA, April 14, 2022 /EINPresswire.com/ -- [American Samoa](#) is an unincorporated territory of the United States. Geographically, American Samoa is halfway between New Zealand and Hawaii. It is also vital to understand that the American Samoan residents are US nationals rather than US citizens like in other US territories.

Key Facts about American Samoa

The capital of American Samoa is Pago Pago, which is situated around Tutuila

Island. As of 2021, the estimated population of American Samoa is 46,366. But it does not taint the fact that many international individuals continue to base their roots in American Samoa to start new businesses.

Shared Borders of American Samoa

American Samoa consists of seven different islands with Tutuila as the main island. As an unincorporated overseas US territory, American Samoa shares its borders with the Cook Islands, Samoa Tonga, Niue, and Tokelau. On the south equator, American Samoa is the only territory of the United States.

Islands and Coral Atolls of American Samoa

Apart from Tutuila, the other four volcanic islands of American Samoa include Olosega, Tau, Aunuu, and Ofu. American Samoa also has two separate coral atolls. In terms of area, American Samoa is relatively bigger than Washington DC with 199 km².

Other Statistical Facts about American Samoa

The entire archipelago is on the east Samoan island about 4200 kilometers southwest of Hawaii. On the other hand, Western Samoa is 1200 kilometers northeast of Fiji. In American Samoa, most of the population speaks Samoan but people find it easy to communicate in English.
