Key Manufacturers in the Global Cooling Tower Market:

SPX Corporation, Evapco, Inc., Hamon & CIE International SA, Paharpur Cooling Towers, Babcock & Wilcox SPIG, Enxio, and Baltimore Aircoil Company Inc.

The study offers valuable insights into the regional landscape of industry verticals, coupled with the established companies that have gained a substantial position in the industry.

Reports And Data

Summary of the Global Cooling Tower Market:

- The report offers an in-depth analysis of the regional landscape
- A comprehensive overview of the competitive landscape
- A detailed outline of the market segmentation

Detailed Analysis of the Regional Segmentation:

The report analyses the regional market of this industry through extensive study. The global Cooling Tower market has established its base in the key regions of the world. These key regions cover areas such as North America, Latin America, Europe, Asia Pacific, and Middle East & Africa.

The report includes valuable insights pertaining to the industry shares and market position as per the market share occupied by these geographies. Additionally, the report also offers the upcoming growth opportunities and prospects for the key players of the industry in these key regions. It also offers the expected growth rate that the industry is anticipated to register over the forecast timeline.

Outline of the Cooling Tower Market Segmentation:

The Cooling Tower industry is further segmented based on types, applications, end-user industries, and technologies, among others, to provide a better understanding of the Cooling Tower industry.

Type Outlook (Revenue, USD Billion; 2018-2028)

- Open-circuit
- Closed-circuit
- Hybrid

Material Outlook (Revenue, USD Billion; 2018-2028)

- Fiber-Reinforced Plastic (FRP)
- Steel
- High-Density Polyethylene (HDPE)

Application Outlook (Revenue, USD Billion; 2018-2028)

- HVAC
- Power Generation
- Oil & Gas
- Industrial

The segmentation section covers detailed market share analysis for each product and application along with an accurate projection of the market growth during the forecast period. The report also explains in detail about the consumption rate of each product and application, along with an anticipated growth rate over the forecast period.
