

The Countdown to the Military Space Disruptive Technology Conference and Exhibition 2022 has begun

Smi Group reports: less than three weeks remain for the Military Space Disruptive Technology Conference

LONDON, NON UNITED STATES OR CANADA, UNITED KINGDOM, April 14, 2022 /EINPresswire.com/ -- There are less than just 3 weeks to go until [Military Space](#) Situational Awareness Conference 2022, taking place on 25th - 26th April 2022, London. UK The conference will bring together key stakeholders across the military, government, and industry sectors to discuss critical topics like AI, agile launch, small satellite technology and robotics, there is no better place to join the conversation on space innovation and pave the way towards the next generation of military space technology.

The poster features a central image of a globe with a network of glowing blue and purple lines representing satellite connections. The text is set against a dark purple background. At the top right is the SMi logo. The main title is in large white font, and the dates and location are in a lighter purple font. The website and hashtag are at the bottom in white.

Smi's Inaugural Conference...

Military Space Disruptive Technology

25 - 26 April 2022 | London, UK
