Will they continue their adventure or will this wild [murder mystery](#) scare the cousins away?

“

The anticipatory feelings of the eight optimistic women were beyond measure as they exited the vacation bus. Looking at their surroundings made them stare with mouths wide open.”

Excerpt from Wild Ride at the Dude Ranch

“Above all else, the events at the Dude Ranch remind audiences that life must be lived with vigor despite the notion that danger lurks around every corner. Combining a series of newly founded friendships with a call to action when one of their own is taken, the cousins’ adventure is the highlight of the novel.”

“Author Walraven has a vivid imagination that plunges into storytelling with more energy than discipline. While she catapults from one dire situation to the next, her mixed tenses tangle alarmingly...Walraven also leaves readers with the impression that this won’t be the last adventure of

the comical cousins who went for a particularly Wild Ride at the Dude Ranch.”
