

Access Patrol Services Provides Spanish-Speaking Security Guards

Security guards need to be able to communicate effectively. In many cases, that means talking with individuals in Spanish.

CAMARILLO, CA, UNITED STATES, April 18, 2022 /EINPresswire.com/ -- [Access Patrol Services](#) (APS), a security guard company serving California and Arizona, provides bilingual, Spanish-speaking security guards to businesses, events, shopping centers, medical facilities, schools and government entities.

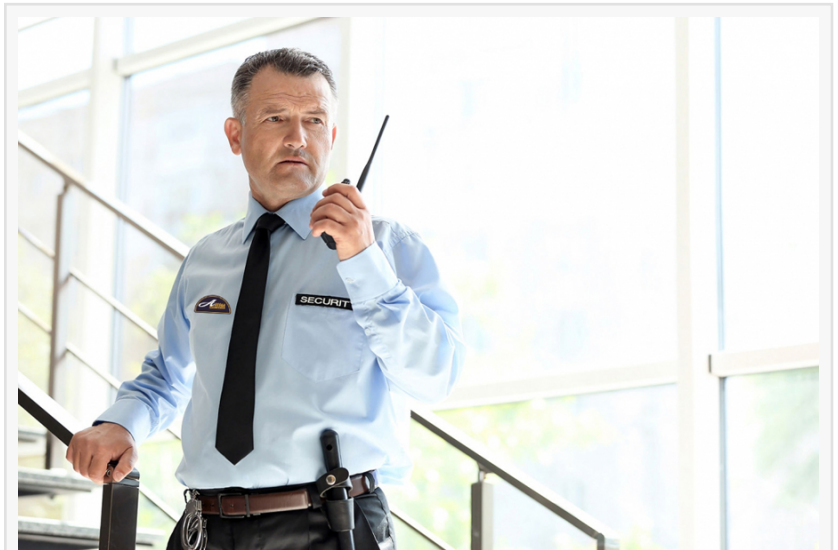

"Security guards need to be able to communicate effectively. In many cases, that means talking with individuals in English or Spanish," says Fahim Abid, APS security director. "We've found that our bilingual guards convey a high level of trust. Those speaking primarily Spanish who need assistance are more comfortable discussing their issues to guards in their native tongue."

Bilingual guards are typically hired to provide security services for stores, shopping centers, festivals, government and commercial buildings and medical centers. In addition to providing basic guard services, they patrol parking lots, in and around buildings and check in visitors at entrances. APS guards take the lead when an emergency occurs and evacuations are necessary.

"Wherever there is a large Spanish-speaking population, we typically receive client requests for bilingual guards," says Abid. "It's an important service to provide to our clients."
