East Africa Business Network - Save the Date

The EACC began in 2005 with a group of American investors and business leaders and has served the East African Community (EAC) over the past seventeen years successfully providing international trade and investment opportunities through our annual conference attended by Ambassadors, Parliament Members, Governors and prominent business leaders from the EAC and around the world. By 2013 annual trade and investment conferences began featuring global industry leaders highlighting sustainable solutions across major industries such as mobile finance, agriculture, manufacturing, telecommunications, energy, education, healthcare, women's leadership, real estate and clean water. In 2022, the East Africa Chamber of Commerce emerged globally and became the East Africa Business Network.
